

# Integrated Supplier Services

Fewer vendors. Lower costs. Better management.

Your supply chain can be stronger and less expensive with GO ResourceLink as your integrated supplier.

Working with GO ResourceLink as an integrated supplier for products and services can reduce cost, save time, and improve performance.

GO ResourceLink has created a new model that improves supplier services to increase efficiency and lower costs. Using our innovative e-procurement system, we have developed a proven method of providing real-time spend intelligence allowing us to cater more specifically to your needs.

GO ResourceLink will help to remove the unnecessary costs associated with vendor relations and allow you to focus on your organizational objectives.
